Price Transparency Statement:

Prime Clinical Systems, Inc. offers two licensing options for our system:

- **Purchase:** Fees are based on number of providers and users. Client takes ownership of the software program and can house the system on a physical server or a Hosted Server. Six months maintenance is included with sale after which monthly maintenance fees apply and are based on the number of providers using the system. Maintenance includes Updates & Support (during normal business hours) and access to Online Tutorials and ongoing Webinars.
- **Subscription/CLOUD:** Fees are based on the number of providers using the program. Client DOES NOT own the software program and fees are paid monthly after the initial six months. Fee is inclusive of server hosting (includes backups and server maintenance), and Updates and Support along with access to ongoing webinars and online tutorials. Minimal license fees apply for faxing.

Additional fees:

- eRx option requires an annual \$80 licensing fee per provider which is payable to NewCrop.
- One-time setup fee for Patient Portal.
- CPT AMA license fee paid directly to AMA or an authorized distributor.

Limitations: There are no limitations related to the certified product that would limit the users' ability to use any of the capabilities for which the technology is certified for.
